Join us in our first corporate governance training programme tailored for the investment community. This powerful two-day programme is built for asset owners and managers (including pension funds, life insurance firms and sovereign wealth funds), proxy advisors, researchers and analysts worldwide.

The curriculum aims to fast-track career development for ESG professionals – enhancing the capacity of institutions to draw value and monitor risks in governance.

Modules include:

- Introducing ESG in practice
- Managing your responsibilities as an ESG professional
- ESG in Investment: Strategies of Stewardship
- How to conduct an ESG analysis of a company
- Strategies of stewardship and engagement
- Managing proxy voting

Price:

Early bird discount - (*Registrations before 31 January 2012*) £1305 for ICGN members, £1755 for non-members.

Standard rates apply from 1 February 2012 - £1450 GBP for ICGN members, £1950 GBP for non-members.
