From: Geof Stapledon, Chair, ICGN Nomination Committee
Re: Item 7: Appointment of ICGN Board of Governors
Status: ORDINARY RESOLUTION for approval by ICGN Members requiring 50% + 1 vote affirmation

Main Considerations

- Each year, the ICGN Nomination Committee proposes candidates to serve on the ICGN Board of Governors for approval and individual election by ICGN Members.

- The Nomination Committee itself is elected by the ICGN membership and is primarily responsible for the ICGN Board appointment process. This includes communication with members and issuance of the annual call for nominations for candidates.

- The Nomination Committee makes recommendations which recognise the ICGN’s mission and board diversity policy, noting that the historic strength of ICGN comes from the investment community and with the majority of those recommended being investor representatives.

- The Nomination Committee Report to members includes the name, affiliation and jurisdiction of each candidate together with a short biography and statement of motivation as to why the candidate wishes to serve as an ICGN Board Governor.

- ICGN is grateful to the serving members of the ICGN Nomination Committee this year for their commitment and dedication being: Geof Stapledon (Committee Chair), Richard Bennett, Carola van Lamoen and Anne Molyneux.

ICGN Member Action

To consider approval of the Nomination Committee recommendation to individually appoint the members of the ICGN Board of Governors to serve for the year ahead as described in the letter and Ordinary Resolution attached as Annex 1.

The Committee's recommendations are the result of a process that began in January 2021. We received input from the Board of Governors and its Governance Committee to help us to determine the skills and attributes that would be of greatest benefit to the work of the Board. We received information from the Board on the interest of incumbent Governors in continuing to serve on the Board, noted the Board’s and the Governance Committee’s support for the re-election of all incumbent Governors who have not reached the end of the six-year tenure limit, and reviewed the backgrounds, location, skills, experience and diversity attributes of those incumbent Governors. We canvassed all Members for nominations and reached out to specific Members for their input and to determine their interest in serving. We received a number of applications and reviewed the backgrounds, location, skills, experience and diversity attributes of each applicant.
As a result of this process, we are pleased to nominate the individuals listed above. Nine out of 12 candidates (75%) represent investors. 41.7% are women. The candidates are geographically diverse: 41.7% are from Europe, 33.3% are from North America and 25% are from Japan, South Africa or Australia.

We thank the three outgoing Governors for their considerable contributions to the work of the ICGN and the Board. Melsa Ararat, George Iguchi and Bob Walker will be missed in the boardroom, but we look forward to their continued involvement in the important work of the ICGN.

We look forward to seeing many of you at the AGM.

Geof Stapledon, Chair,
ICGN Nomination Committee
2020-21 Committee Members: Richard Bennett, Value Edge (USA); Carola van Lamoen, Robeco (Netherlands); Anne Molyneux, CS International (Australia).

Statement of motivation
As the CEO of a large asset owner (HESTA) in Australia, I am passionate about investor stewardship and responsible investment. A key to our purpose at HESTA is the promotion of good corporate governance across all markets so that we are contributing to a sustainable global economy and making a real difference to the world our members live in, work in and retire into. I have relished the opportunity to be involved on the Board of the Australian Council of Superannuation Investors, as well as other superannuation-related boards in Australia and various opportunities to participate in discussion through ICGN panels.

ICGN has a very important role in influencing policy, providing an investor perspective on governance and stewardship, connecting teams globally so we can amplify our work and advocacy efforts, and enhancing governance and stewardship practices globally. These are all areas of focus at HESTA, and I would seek to make a valuable contribution in terms of broad thinking and perspectives on each of these. I believe I would bring a curious and open mindset to Board discussions and the ability to develop strong and effective relationships with other Board members, focused on delivery of the key objectives of the ICGN.
Ian Burger, Head of Responsible Investment, Newton Investment Management, United Kingdom

Biography
Since joining Newton Investment Management over two decades ago as its first Head of Corporate Governance, I have developed and expanded, globally, Newton’s approach to responsible investment, which includes the house views and approaches in relation to environmental, social and governance (ESG) matters. Today, as Head of Responsible Investment, I am responsible for ESG considerations throughout Newton’s investment process. This includes establishing, implementing and communicating all ESG policies, principles, engagement, voting and research. Aided by my team of Responsible Investment Analysts, stewardship analysts and ESG data analysts, together with the wider investment staff, we carry-out investment research on environmental, social and governance matters, engage with companies, report on stewardship activities and make active voting decisions, globally. In addition, I play a key role in determining Newton’s approach to sustainable investment and the evolution of fund strategies. Externally, I am involved in shaping the debate on matters relating to ESG and stewardship and through my membership of a variety of formal and informal groups.

Statement of motivation
Over the four-year period that I have served as a Board Governor for the ICGN, including more recently as the current Vice Chair, and previous chair of the Audit and Finance Committee, my enthusiasm and motivation to enhance the ICGN’s efforts and help it succeed has remained very high, particularly in the ongoing challenging environment.

The ICGN’s overarching aspiration to improve corporate governance and wider stewardship and sustainability matters, globally, dovetails with my own personal and career ambitions and responsibilities. These have been the key drivers for me throughout my 23 years in the industry; it also justifies my long-term membership of the ICGN, which began in 2003. I believe I possess relevant educational qualifications, skills, experiences and personal attributes that can continue to add value to the ICGN, its members and the ICGN’s future endeavours.

The ICGN’s unique and enviable position of having active members that possess a wealth of knowledge, skills, experiences and innovative thought, along with being led by a dedicated and skilled secretariat and executive team, has been crucial to the ICGN’s success to date. These have also helped the ICGN navigate and grow despite the very challenging year that was 2020, I believe that the ICGN can continue to enhance and capitalise on these factors to ensure it leads on and is a major influencing force in this rapidly changing landscape. The ICGN requires and deserves board members that are experienced, engaged, strategic and energised. If elected, I will continue to be committed to each of these.

Having been an engaged member of ICGN for over 20 years, I firmly support its mission and want to help drive its further growth, making it even stronger in the months and years to come. I believe ICGN should be the voice of corporate governance—at once both more inclusive and willing to take risks in how it communicates its vision. At a time of increased competition and specialization, where barriers to entry for networking have all but disappeared, I see new potential in ICGN. To me, the future of our organization depends on remaining relevant and advocating for the right things.

I work with boards and investors across the Americas, Europe and Asia, in my role as Global Leader of Deloitte’s Governance and Boardroom Programs, and believe I offer a uniquely global perspective to ICGN. Moreover, I know how good boards work— I understand that they perform best when they reflect diverse perspectives from directors whose views are informed by different backgrounds and business experiences. I am honoured to serve on the Board of Governors and will work hard to pursue consensus in the best interests of our organization.

Statement of motivation
It would be a privilege to continue to serve on the ICGN Board. During my tenure, I believe I have made a positive contribution to the Board’s work, and that I can bring my experience and expertise to good use as the Board sets the course for the evolution of ICGN as the leading investor-led organization to advance good governance and stewardship.

I have been professionally engaged in the work that ICGN promotes for nearly two decades; in my current role I advise Boards on how to embrace sustainability as a governance imperative and work with clients across sectors to drive higher standards in corporate accountability and good governance. I can bring insights from my other duties, including my role as member of the EFRAG Project Task Force to develop new standards for Corporate Sustainability Reporting, to the work of the ICGN. I firmly believe that investors and companies have a shared imperative to advance sustainable development through their practices. Still, without influencing, exemplary actions and bold leadership, it will be a longer way to go.

ICGN is, in my view, uniquely placed to be the leading voice to shape and push the agenda. My ambition as a member of the ICGN Board is to challenge and inspire members to push the envelope towards sustainable practices and help make its voice heard.
