From: Geof Stapledon, Chair, ICGN Nomination Committee
Re: Item 6: Appointment of ICGN Board of Governors
Status: 12 separate ORDINARY RESOLUTIONS for approval by ICGN Members each requiring 50% + 1 vote affirmation

Main Considerations

- Each year, the ICGN Nomination Committee proposes candidates to serve on the ICGN Board of Governors for approval and individual election by ICGN Members.

- The Nomination Committee itself is elected by the ICGN membership and is primarily responsible for the ICGN Board appointment process. This includes communication with members and issuance of the annual call for nominations for candidates.

- The Nomination Committee makes recommendations which recognise the ICGN’s mission and board diversity policy, noting that the historic strength of ICGN comes from the investment community and with the majority of those recommended being investor representatives.

- The Nomination Committee Report to members includes the name, affiliation, and jurisdiction of each candidate together with a short biography and statement of motivation as to why the candidate wishes to serve as an ICGN Board Governor.

- ICGN is grateful to the serving members of the ICGN Nomination Committee this year for their commitment and dedication being: Geof Stapledon (Committee Chair), Richard Bennett, Deborah Gilshan, Carola van Lamoen and Anne Molyneux.

ICGN Board Action

To consider approval of the Nomination Committee recommendation to individually elect the members of the ICGN Board of Governors to serve for the year ahead as described in the letter and Ordinary Resolutions attached as Annex 1.

The Committee’s recommendations are the result of a process that began in January 2022. We received input from the Board of Governors and its Governance Committee to help us to determine the skills and attributes that would be of greatest benefit to the work of the Board. We received information from the Board on the interest of incumbent Governors in continuing to serve on the Board, noted the Board’s and the Governance Committee’s support for the re-election of all incumbent Governors who have not reached the end of the six-year tenure limit,
and reviewed the backgrounds, location, skills, experience and diversity attributes of those incumbent Governors. We canvassed all Members for nominations and reached out to specific Members for their input and to determine their interest in serving. We received a number of applications and reviewed the backgrounds, location, skills, experience and diversity attributes of each applicant.

As a result of this process, we are pleased to nominate the individuals listed above. Ten out of 12 candidates (83%) represent investors. 41.7% are women. The candidates are geographically diverse: 33.3% are from Europe, 33.3% are from North America and 33.3% are from Asia, South Africa or Australia. In addition 33.3% are non-white.

We thank the Governors who left the Board during the year (Henry Jones, due to ill health) or are leaving at the end of their maximum tenure (Claudia Kruse) for their considerable contributions to the work of the ICGN and the Board.

We look forward to seeing many of you at the AGM.

2021-22 Committee Members: Richard Bennett, ValueEdge (USA); Deborah Gilshan, The 100% Club (UK); Carola van Lamoen, Robeco (Netherlands); Anne Molyneux, CS International (Australia).

A proven leader with more than 25 years’ experience in super and financial services, Debby has a wealth of experience having held a range of senior positions within financial institutions and having run her own business as an Employee Benefit Consultant for 12 years.

Debby is a Director and the President of the Australian Council of Superannuation Investors (ACSI), and a Director of The Association of Superannuation Funds of Australia (ASFA).

Debby holds a Bachelor of Science from the University of Natal (South Africa), is a Certified Financial Planner™, a Fellow of the Australian Institute of Superannuation Trustees and a Graduate Member of the Australian Institute of Company Directors. Statement of motivation
As the CEO of a large asset owner (HESTA) in Australia, I am passionate about investor stewardship and responsible investment. As investors, we have a significant role in driving strong stewardship principles and vision to ensure we have a sustainable global economy. At HESTA we believe it is our responsibility to make a real difference to the world our members live in, work in and retire into. I have valued the opportunity to make a difference through my role on the ICGN Board and recently as President of the Australian Council of Superannuation Investors, an organisation that engages with companies to ensure accountability and the highest standards of governance and stewardship are adhered to. HESTA has also been a strong leader in a number of Impact-focused initiatives in Australia, including being the first large super fund to commit to a Reconciliation Action Plan and a Climate Change Transition Plan, and launching and leading 40:40 Vision, an investor-led initiative working towards gender diversity in the executive teams of ASX300 companies.

This aligns strongly with ICGN, which has a very important role in influencing policy, providing an investor perspective on governance and stewardship, connecting teams across all geographies so we can amplify our work and advocacy efforts, and enhancing stewardship practices globally. I believe that I bring a unique perspective from my role as CEO of HESTA (in particular given our leadership and focus on investment excellence with impact), a curious and open mindset and the ability to develop strong and effective relationships with other Board members, focused on delivery of the key objectives of the ICGN.
Ian Burger, Independent, United Kingdom

Biography
Ian joined Newton Investment Management in 1998 and was appointed as its first Head of Corporate Governance and, latterly, was the Head of Responsible Investment. During his 24 years with the firm, Ian developed and expanded, globally, Newton’s approach to responsible investment, which included determining the house views and approaches in relation to environmental, social and governance (ESG) matters. As Head of Responsible Investment, Ian was responsible for ESG considerations throughout Newton’s investment process. This included establishing, implementing, and communicating all ESG policies, principles, engagement, voting and research. Aided by his team of Responsible Investment Analysts, Stewardship Analysts and ESG Data Analysts, together with the wider investment staff; Newton conducted investment research on ESG matters, engaged with companies, reported on stewardship activities, and made active voting decisions, globally. In addition, Ian played a key role in determining Newton’s approach to sustainable investment and the evolution of fund strategies. Ian is also involved in shaping the debate on matters relating to ESG and stewardship through his membership of a variety of formal and informal groups. Ian is a member of an Investment Committee and is a director and Trustee of a UK-based charity.

Statement of motivation
Over the five-year period that I have served as a Board Governor for the ICGN, including more recently as the current Chair, my enthusiasm and motivation to enhance the ICGN’s efforts and help it succeed has remained very high. As the world and the ICGN is working through the global pandemic, I recognise the strategic opportunities that are available to the ICGN as it seeks to provide additional value to its members.

The ICGN’s overarching aspiration to improve corporate governance and wider stewardship and sustainability matters, globally, dovetails with my own personal and career ambitions and responsibilities. These have been the key drivers for me throughout my 24 years in the industry; it also justifies my long-term membership of the ICGN, which began in 2003. I believe I possess relevant educational qualifications, skills, experiences and personal attributes that can continue to add value to the ICGN, its members and the ICGN’s future endeavours.

I recognise that the significant economic and regulatory challenges being faced globally by companies and investors will serve to justify further the importance of the ICGN’s role in helping its members navigate unchartered times and to influence policy setters and regulators. The ICGN’s unique and enviable position of having active members that possess a wealth of knowledge, skills, experiences and innovative thought, along with being led by a dedicated and skilled secretariat and executive team, has been crucial to the ICGN’s success to date. These have also helped the ICGN navigate and grow despite the very challenging years that were 2020 and 2021. I believe that the ICGN can continue to enhance and capitalise on these factors to ensure it leads on and is a major influencing force in this rapidly changing landscape. The ICGN requires and deserves board members that are experienced, engaged, strategic and energised. If elected, I will continue to be committed to each of these.

Statement of motivation
My motivation to serve on the board of ICGN is to leverage my experience and network in the pursuit of ICGN’s mission. ICGN has become recognised as an authoritative global framework for governance information of most relevance to users, and this presents opportunities for IGGN to influence, inform and inspire high standards of governance and stewardship that leverage long-term value-creation to create thriving societies.

ICGN is, in my view, uniquely placed to be the leading voice to shape and push the agenda. My ambition as a member of the ICGN Board is to challenge and inspire members to push the envelope towards sustainable practices and help make its voice heard.

I serve on the Governance Committee and chair the Policy Oversight Committee.

If elected, I will contribute to promoting ICGN Principles as investor-led global standards for governance and stewardship and influencing public policy and professional practice. We will also continue to provide thought-leadership viewpoints, responses to public consultations and policy positions on issues related to good governance and global standard.

I have been professionally engaged in the agenda for good governance and stewardship that ICGN promotes for nearly two decades; in my current role I advise Boards on how to embrace sustainability as a governance imperative and work with clients across sectors to drive higher standards in corporate accountability and good governance. I bring insights from my other board and expert roles to the work of the ICGN. I firmly believe that investors and companies have a shared imperative to advance sustainable development through their practices. Still, without influencing, exemplary actions and bold leadership, it will be a longer way to go.
